

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Amount drawn out to June 30, 1886	\$666,539 02
Amount in fund July 1, 1886	44,562 49
	<u>\$711,101 51</u>

*The last report showed the amount in the fund, as appeared by the books, to be \$221,056 31, but this included \$19,087 99, which the books of John S. Gray, the late Secretary of the Board, erroneously showed to have been remitted to the State Treasury.

CONSTRUCTION ACCOUNT.

This account does not embrace the construction of the seawall. It is classed under two heads:

First—Work completed since last report:

Replanking portions of Pacific-Street wharf. Contract prices—furnishing and laying 6x6 inch planking, \$22.94 per M. feet, B. M.; furnishing and laying wedged planking, \$23.60 per M. feet, B. M.; furnishing and placing stringers (4x12 inch and 10x12 inch), \$22.80 per M. feet, B. M.

Work done:

97,575 feet, 6x6 inch planking	\$2,238 37
124,020 feet, wedged planking	2,926 87
18,099 feet, stringers.....	412 65
1,800 feet, old curbing relaid.....	8 10
Total	\$5,585 99

Section 1, of wharves and piers along Berry and Third Streets. Third-Street wharf, 311 feet by 66 feet, a connecting wharf 40 feet by 60 feet, and hay wharf, 540 feet by 132 feet.

Contract price.....\$28,369 00

Section 2, of wharves and piers along Berry and Third Streets. Berry-Street wharf, 458 feet by 59 feet; Berry-Street pier, 610 by 80 feet.

Contract price.....\$29,269 00

Box sewer under Kearny Street, near seawall. This contract was not fully completed, and there was paid thereon but \$320.55.

Two sheds and offices, near ferry slips Nos. 1 and 2. Dimensions 22 by 50 feet and 29 by 23 feet.

Contract price.....\$1,240 00

Oil wharf, foot of Center Street, 330 feet long by 50 feet wide, and 400 feet long by 60 feet wide.

Contract price.....\$20,855 00

Tearing up portion of and removing shed from Green-Street wharf. Area torn up, about 13,200 square feet. Shed removed to Section 4. seawall.

Contract price.....\$980 00

Wooden sewer through seawall, near Bay Street—190 feet long.

Contract price.....\$875 00

Embankment along Center Street—580 feet in length, 475 feet of which is 20 feet wide, and 105 feet an average of 35 feet wide.

Contract price.....\$6,000 00

Removing portions of old and new Vallejo-Street wharves, and constructing connecting wharves between new Vallejo and Green-Streets wharves. Area removed, about 17,825 square feet; connecting wharves, 290 feet long by 24 feet wide.

Contract price.....\$2,745 00

Section of Union-Street wharf and wharf between Union and Green-Streets wharves—Union-Street wharf, 140 feet by 80 feet; connecting wharf, 200 feet by 24 feet.

Contract price..... \$8,697 00

Fishermen's dock and breakwater—Two wharves, one 553 feet long by 24 feet wide; the other, 389 feet long by 24 feet wide, and breakwater 577 feet in length.

Contract price.....	\$19,300 00
Extras.....	2,682 77
	<hr/>
	\$21,982 77

Three sheds near ferry slip No. 2; dimensions, 74 feet by 32 feet, 60 feet by 55 feet, and 40 feet by 11½ feet.

Contract price..... \$1,340 00

Shed on Folsom-Street wharf, 400 feet long by 70 feet wide.

Contract price.....	\$8,970 00
Extras.....	141 22

	\$22,842 44

Connection of Vallejo-Street wharf with Seawall wharf, and removal of temporary wharf between Vallejo and Green-Streets wharves. Structure built, 200 feet by 24 feet; structure removed, 30 feet by 80 feet.

Contract price..... \$962 00

Pier between Broadway and Vallejo-Street piers, 591 feet long by 100 feet wide.

Contract price..... \$22,947 00

Covering a space on the Seawall wharf, opposite fishermen's slip, with asphaltum pavement. Area covered, 8,101 square feet.

Contract price, 10 cents per square foot..... \$810 10

Bridge to connect Vallejo-Street wharf with Section 5 of seawall.
Temporary structure of old material, 30 feet by 24 feet.

Contract price \$165 00

Repairing hoisting gear, etc., of ferry slip No. 4, redriving piles for foundation, and renewing gallows frame.

Contract price \$650 00

Less deduction of 15 00

Amount paid \$635 00

Box sewer through Section 5 of seawall, 275 feet long, 3 feet by 5 feet inside.

Contract price, \$4 10 per linear foot \$1,127 50

Removing two sheds from Broadway wharf; one 465 feet by 54½ feet, taken down and material stored; the other 160 feet by 40 feet, removed to Harrison-Street wharf.

Contract price \$1,200 00

Construction of temporary roadway between Pacific-Street and Broadway wharves; removal of same, and removal of portion of Broadway wharf.

Temporary roadway, 200 feet by 24 feet; portion of Broadway wharf removed, 520 feet by 110 feet.

In payment for said work the contractor had all the old material removed.

Car ferry slip at foot of Second Street.

Contract price \$27,341 00

Extras 1,593 67

Total \$28,934 67

Approach to car ferry slip, at foot of Second Street. Stone and earth embankment, 230 feet long, with an average width of 63 feet. Contract prices: Stone, 97 cents per ton of 2,240 pounds, and earth, 25 cents per cubic yard. Material used:

Stone, 6,845.93 tons \$6,640 55
Earth, 16,736.91 cubic yards 4,184 23

Total \$10,824 78

Repairing fishermen's market. Shingling, painting, and whitewashing and repairing woodwork.

Contract price \$514 00.

Removal of portion of Pacific-Street wharf, and construction of connecting roadway between Pacific and East-Streets wharves. Area of Pacific-Street wharf removed, about 10,590 square feet; connecting roadway built, 210 feet by 30 feet.

Contract price \$2,837 00

Shed on Broadway wharf No. 2, 577 feet long by 90 feet wide.

Cattle wharf at foot of Second Street, triangular in shape, 190 feet by 174 feet by 260 feet.

Contract price..... \$2,758 00

Connecting Broadway wharf No. 1 with the Seawall wharf, 100 feet by 110 feet.

Contract price..... \$3,187 00

Box sewer along Broadway through the Seawall thoroughfare, 446 feet 6 inches in length, 4 feet by 6 feet inside.

Contract price, \$3 98 per linear foot..... \$1,777 47

Second.—Work contracted for but not completed June 30, 1886:

Connecting Pacific-Street wharf with wharf along Section 6 of seawall.

Contract price, \$850..... Nothing paid.

SEAWALL.

Section 5. This section was in process of construction at date of the Board's last report. It extends southerly from section four a distance of one thousand feet. It was brought to grade on March 13, 1885, and was there maintained by the contractor for a period of three months, when it was accepted and final payment made.

There was paid for this work as follows:

Stone, 119,025.86 tons, at 52 cents per ton of 2,240 pounds.....	\$61,893 44
Earth, 272,499.2 cubic yards, at 29 cents per cubic yard	79,024 77
Wharf	28,975 36
<hr/>	
Total cost.....	\$169,893 57

Of this amount \$5,777 64 was paid prior to the last report, and the balance, \$164,118 19, was paid since.

The estimates for the stone and earth for this section were based upon the amounts used in the construction of sections one to four, and they were in excess of the actual amounts used: Stone, $44\frac{9}{10}$ per cent, and earth $4\frac{88}{100}$ per cent.

Section 6. On the sixth day of January, 1885, the Board, acting in conjunction with the Governor of the State and the Mayor of the City and County of San Francisco, awarded a contract for the construction of Section 6 to the San Francisco Bridge Company.

This section extends southerly from Section 5 a distance of 800 feet.

Seven bids were received, as follows:

NAME OF BIDDER.	Rock per Ton.	Earth per Cubic Yard.	Wharf.	Total.
San Francisco Bridge Company.....	\$0 63 $\frac{1}{2}$	\$0 34 $\frac{1}{2}$	\$15,000 00	\$123,506 50
David Finley	63	39	19,700 00	133,543 00
J. S. Tibbals	69	39	17,160 00	137,343 00
California Bridge Company	65	39	23,000 00	139,623 00
Jas. McCudden	80	35	22,000 00	145,945 00
John Kelso and John Hackett	78	41	24,000 00	155,207 00
B. McMahon.....	77	40	28,000 00	156,810 00

The structure was brought to grade April 3, 1886, and the contract specified that it shall be there maintained by the contractor for the period of three months.

There was used in the construction of this section:

Stone, 89,704.49 tons of 2,240 pounds	\$56,962 33
Earth, 159,277.7 cubic yards	54,950 80
Wharf	14,866 60
Total	\$126,779 73

The estimates for the stone and earth for this section were based upon the amounts used in the construction of Section 5, and they were substantially correct, the actual quantity of stone used being less than one per cent, and the actual amount of earth used but $5\frac{6}{100}$ per cent in excess of the estimated quantities.

There has been paid upon this contract to date \$95,064 63, and the balance thereof, \$31,715 10, falls due July 3, 1886.

COST OF SEAWALL.

The cost of constructing the several sections of the seawall and thoroughfare is as follows:

Section A, 561 feet long, \$152 61 per linear foot	\$85,614 53
Section 1, 1,000 feet long, \$165 63 per linear foot	165,631 40
Section 2, 1,000 feet long, \$167 50 per linear foot	167,504 09
Section 3, 1,000 feet long, \$235 50 per linear foot	235,049 51
Section 4, 1,000 feet long, \$240 87 per linear foot	240,872 01
Section 5, 1,000 feet long, \$169 89 per linear foot	169,893 57
Section 6, 800 feet long, \$158 47 per linear foot	126,779 73

Total cost of 6,361 feet (average cost per linear foot, \$187 28) ... \$1,191,344 86

REPAIRS ON SECTIONS ONE AND TWO, SEAWALL.

The stone wall on the waterfront side of Sections 1 and 2 was badly damaged by the great storm of December, 1884. The Engineer was directed to prepare plans and specifications for and make estimates of the cost of refacing these sections with stone.

A contract was awarded in accordance with these plans and specifications at the following prices: For furnishing and laying large stone, 85 cents per ton; for furnishing and laying small stone, 80 cents per ton; and for laying stone furnished by the Board, 45 cents per ton.

There has been furnished and laid:

Large stone—3,799.31 tons	\$3,229 40
Small stone—5,097.76 tons	4,078 20
Total	\$7,307 60

The contract provides for payments of 75 per cent upon monthly estimates, and in accordance therewith there has been paid \$5,480 72, and retained \$1,826 88, to be paid upon final acceptance of the work.

The estimates for the material for this work were, large stone, 8,000 tons, which, at the contract price, would be \$6,800; small stone, 7,000 tons, which, at the contract price, would be \$5,600, making a total of \$13,600.

It is now evident that the slope of these sections was too steep and the rock used too small. The refacing is now being done with large stone. The work has been somewhat delayed, for the reason that these sections are in constant use, and the difficulty of procuring stone of sufficient size.

IMPROVING SEAWALL LOTS.

The construction of the seawall, and the extension of streets thereto, has formed blocks and parts of blocks, which embrace an area of 577,397 square feet, which is equal to 30 $\frac{1}{2}$ 50-vara lots.

Since the last report the Board has expended \$48,606 18 in filling in, grading, sewerage, and otherwise improving this property and the streets adjacent thereto.

PAVING ROADWAY

On Sections 3 and 4, and part of Section 2 of the seawall.

On June 30, 1885, a contract was made for paving with basalt blocks a roadway on Sections 3 and 4, and part of Section 2 of the seawall, 2,250 feet in length and 40 feet in width.

The contract prices were as follows: Stone paving, 16 $\frac{1}{2}$ cents per square foot; granite curbing, 70 cents per linear foot; wooden curbing, 15 cents per linear foot; and drains at \$30 each.

There was put down and paid for:

89,310 square feet stone paving	\$14,736 15
2,242.25 feet granite curbing	1,569 58
2,304.75 feet wooden curbing	345 71
10 drains	300 00
Total	\$16,951 44

PRIVATE PROPERTY TAKEN FOR PUBLIC USE.

In building the seawall and thoroughfare it became necessary to use for such purpose a portion of the block bounded by Jackson, Drumm, Pacific, and East Streets, which portion belonged to Robert Dunsmuir, George Leviston, John A. Rosenbohm, and Alice A. Donzel.

An action to condemn the same was brought, and judgments and final orders of condemnation were rendered against all the above named owners.

The Board paid, on account thereof, the value of the land taken	\$26,750 00
And for certificate of title, expert testimony, reporter's fees, jury's fees, and other costs	1,435 87
Making a total of	\$28,185 87

DREDGING.

During the last two fiscal years the number of cubic yards of material dredged was 1,359,600, at a cost of \$98,934 20, or seven and fifty-five one hundredths cents per cubic yard.

The amount of material dredged was in excess of that for the two fiscal years immediately preceding, and the cost per cubic yard was less.

Each year it is found necessary to dredge to a greater depth in the various slips, for the reason of the increasing size and draft of the vessels coming to this port.

The details of the work performed by this department are found in the annexed tabular statements.

WATERFRONT STREETS.

The Board expressed its views on this subject at some length in its last report. The portion of these streets which it is the Board's duty to main-

tain has been kept and is in excellent condition, while that portion that it is the duty of the City and County of San Francisco and the owners of the property abutting thereon to maintain, has been and is out of repair, and a considerable portion thereof is utterly impassable.

EXPIRATION OF LEASES.

By Act of Legislature approved August 4, 1870, the Board was authorized to lease for a period of fifteen years a portion of the waterfront to the Western Pacific Railroad Company. No lease was ever executed, but the company went into possession according to the terms of said Act, and they and their successors, the Central Pacific Railroad Company and Southern Pacific Company, continued in and held possession of said property for the period prescribed therein. As provided in the Act, the railroad companies erected a wharf thereon, and paid to the Board the same rate of tolls upon the merchandise and live stock passing over it as was collected by the Board on the other wharves under its jurisdiction.

On August 5, 1885, the fifteen years expired, and the Board reentered into possession of the property. Since that time the Board has made improvements on the property, consisting of a car ferry-slip, at a cost of \$28,934 67, an approach to the same, of stone and earth, 230 feet long with an average width of 63 feet, at a cost of \$10,824 78, and a cattle wharf, triangular in shape, 190 feet by 174 feet by 260 feet, at a cost of \$2,758.

The Southern Pacific Company have the exclusive use of these improvements, and they pay therefor the sum of \$1,600 per month.

In addition to this, the railroad company, as heretofore, pays to the Board tolls upon all merchandise and live stock passing over this wharf at the regular rates, which amounts to about \$3,300 per month.

On November 17, 1865, the Board leased to A. W. McPherson and others a portion of the waterfront, for the term of twenty years. This lease was, by consent of the Board, assigned to the Union Lumber Association, and subsequently to the Oregon Improvement Company, which last named company was in possession of the property at the expiration of the lease, November 17, 1885. Under the terms of this lease the lessees were required to construct the outer half, or seventy-five feet in width, of the streets bordering on the waterfront, and embraced within the lease, by piling, capping, and planking the same in the customary way, and to surrender the same to the Board at the expiration of the term of the lease.

This covenant was not fully complied with, but instead thereof the lessees utilized the space by constructing piers thereon.

The property was in this condition at the expiration of the lease, and the Board, believing that this was the proper way to use this property, and that it would be disadvantageous to the State if these structures were completed as provided for in the lease, because it would materially reduce the space for berths, proposed to the lessees that they would accept from them, in coin, the amount that they would be required to expend to comply with this covenant. This proposition was believed by the Board to be for the best interests of the State, and was accepted by the lessees, and the amount fixed upon, \$6,716, was subsequently paid by them to the Board.

RATES OF DOCKAGE AND TOLLS.

During the two fiscal years the Board made a marked reduction in the rates of tolls and dockage, amounting to about 20 per cent in dockage, and in some instances to 50 per cent in tolls, and entirely removed tolls on

wheat and flour shipped from this port. It also reduced the dockage on river steamers, to place them upon as favorable a footing with respect to dockage as ocean steamers.

Notwithstanding these reductions, which went into effect July 1, 1885, there has been no substantial falling off in the revenue.

This arises partly from the fact that there has been a material increase in the amounts received for the exclusive use of berths and special privileges, and from the reversion to the Board of property which had long been held under leases, and which now yields a much larger income.

MODE OF COLLECTING CHARGES ON GOODS.

The system of collecting the revenue has frequently been referred to in former reports.

In its last report the Board said:

That it should be condemned on account of the expense that is inseparable from it, does not admit of question. But the expense of this mode of collecting revenue is not the only objection to which it is obnoxious. If collectors should be disposed to act dishonestly no effective checks can be employed to prevent their embezzling the public funds; nor, if they should be guilty of peculations, would it be easy to detect them. And even if we could secure satisfactory guarantees that all collectors would be scrupulously honest in the discharge of their official duties, still they would be liable to make grave mistakes, through want of judgment in estimating quantities, whether by weight or measure, which would cause the law for the collection of revenue to operate unequally and consequently unjustly.

Entertaining these views, the Board prepared a bill changing the system. It was introduced into the Senate, but no action was taken thereon. During the two fiscal years—

There was collected for tolls.....	\$343,108 72
Deduct amount paid by R. R. Co.....	<u>79,070 70</u>
Amount collected by Collectors.....	\$264,038 02
The amount of salaries paid Collectors was.....	\$70,996 24

This shows that the cost of collecting the tolls, by Collectors, was $26\frac{8}{17}$ per cent of the amount collected.

GOVERNOR IRWIN.

On the sixteenth day of March, 1886, the honorable President of this Board, William Irwin, died. We bear witness to his indefatigable industry, his integrity, and his zeal in the discharge of his duties as President of the Board.

SECRETARY.

On the nineteenth day of April, 1886, J. C. L. Wadsworth resigned as Secretary of the Board, to take effect May first, and on the twenty-ninth day of April, 1886, George Tilghman was appointed his successor.

RECOMMENDATIONS.

The Board begs leave to respectfully submit the following recommendations:

The amount that the Board is allowed to expend monthly for urgent repairs upon the property and streets under its jurisdiction, without entering into contract, is but \$4,000. This amount is entirely inadequate.

Piles and planking need constant renewal, and the area of wharves and sheds is increasing. Since our former report we have added about 265,000 square feet to this area. The Board, therefore, recommend that the law be so changed that the amount which it can so expend be increased to not less than \$6,000 per month.

Under the Act of 1883, the Secretary is made "responsible for all moneys paid into the office." The amount so paid averages over \$40,000 per month, while the amount of his official bond is but \$20,000. The Board recommends the same be fixed at \$50,000, and that the official bond of the Assistant Secretary be increased from its present amount of \$10,000, to \$20,000.

The Board is now "authorized to assign berths and slips for the exclusive use of sea-going steamers, ferryboats, and steamboats," and charge for such exclusive use irrespective of their tonnage or the number of days the berth is occupied. It considers this a wise provision, but no reason exists why the power should be limited to sea-going steamers, ferryboats, and steamboats. It is therefore urged that the law be changed to confer like powers on the Board as respects sailing vessels and watercraft of every description.

It has already been stated that property equal in the aggregate to 30 $\frac{1}{2}$ 50-vara lots has been created by the construction of the seawall on the line authorized by the Act of 1876. Under the existing law these lots are set apart and dedicated to public uses as *open spaces*, to be used in connection with the seawall and for the same purposes, and it is made the duty of the Board to put them in condition for such use.

It is difficult to maintain these lots as open spaces. Teams and people cross them in every direction, and they are made a dumping ground for the refuse matter of the city. The sand from those filled in is blown on to the seawall roadway, and this vast amount of valuable property thus becomes of no practical benefit to the people of the State.

The Board sees no good reason why they should remain as *open spaces*. It believes that it should have the power to inclose them, and to grant their use during the pleasure of the Board for the purpose of facilitating the commerce of the port.

Respectfully submitted.

FRANK McCOPPIN,
A. C. PAULSELL,
JOHN H. WISE,
Commissioners.

Note.—May 1, 1872. Rates of dockage, tolls, wharfage, and rents, were reduced 50 per cent by Act of Legislature. On December 30, 1870, the rates on merchandise were reduced as follows, viz.: 12 $\frac{1}{2}$ to 10 cents, 6 $\frac{1}{2}$ to 5 cents; on lumber, from 10 to 5 cents per 1,000 feet; on coal, from 10 to 5 cents per ton; on wood, from 12 $\frac{1}{2}$ to 6 cents per cord. On June 4, 1890, the dockage rates were changed so that instead of the day of arrival and day of departure being charged as for full days, the day was reckoned from the hour of arrival to the same hour on succeeding days. Salaries of Wharfingers and Collectors were increased 25 per cent by Act of Legislature, approved March 19, 1878. On July 1, 1885, the rates of tolls were very materially reduced, in some cases 50 per cent, and a reduction in dockage rates was made of about 30 per cent.

* This amount is less than entered in the last report, \$19,087 99, which amount was erroneously entered in the books of John S. Gray, late Secretary, as remitted; in this table it is placed under the head of "Miscellaneous."

REPORT OF T. C. COOGAN, ATTORNEY.

To the Honorable Board of State Harbor Commissioners of the State of California:

GENTLEMEN: I herewith present my report as Attorney of your honorable Board, showing what has transpired in relation to litigation in my charge during the two fiscal years ending June 30, 1886:

ACTIONS PENDING AT THE DATE OF LAST REPORT.

The Pacific Transfer Company v. William Blanding et al. In Superior Court, Department No. 6, No. 23360.

Action to recover money paid under protest by plaintiffs to defendants for wharfage. 1879, October 24, complaint filed. 1883, December 23, answer of William Blanding and A. M. Burns filed. 1881, January 10, answer of Bruce Lee filed. Ready for trial on behalf of defendants.

The People of the State of California v. Turner, Kennedy & Shaw. No. 28969, in Justice's Court.

Action to recover tolls and wharfage on Channel Street. 1877, February 15, complaint filed and issue joined. February 24, defendants moved that cause be transferred to the late Twelfth District Court. Motion granted, but defendants have not yet paid costs, and papers have not been filed in said District Court, or in its successor, the Superior Court.

The People of the State of California v. Turner, Kennedy & Shaw. No. 30557, in Justice's Court.

Action to recover tolls and wharfage on Channel Street. This action is in the same condition as the one last above named, and is against the same defendants.

William Blanding et al. v. The Barkentine Victor. No. 2345, in United States District Court.

A libel for dockage in China Basin. Pending and awaiting hearing.

Samuel Soule et al. v. Benjamin Holliday, Jr.

Action to recover \$395 87 for dockage and tolls. On January 16, 1884, judgment was rendered in favor of plaintiffs for \$395 87, with interest thereon from April 11, 1874, and costs, \$11 50. This judgment remains unsatisfied.

The People of the State of California v. Thomas R. Huson et al. No. 7207, in Supreme Court.

Action to recover \$1,045 10 for deficiency in account of Huson as Wharfinger. 1878, May 6, complaint filed. August 15, answer filed. September 24, judgment for defendants. November 10, plaintiffs moved for a new trial, which was on May 5, 1880, denied, and on May 21, 1880, plaintiffs appealed to the Supreme Court. Pending the appeal one of the defendants, E. J. Lewis, died in Tehama County. No administration has ever been taken out on his estate.

William Blanding v. Smith & Smith et al. In Superior Court, Department No. 4, No. 22545.

Action to recover \$1,000, for breach of a bond guaranteeing a performance of an asphaltum contract.

1878, September 28, complaint filed. Since the date of last report, the following proceedings have been had: 1884, November 20, action tried as to the defendant, Ira P. Rankin, and submitted on briefs. December 11, defendant's brief received. December 20, plaintiffs' brief served. 1885, January 3, defendant's reply brief received. February 27, decision in favor of defendant, Ira P. Rankin. March 23, notice of decision received. The defendants, Smith & Smith, are fictitious persons, and the action is now ready for trial as to the defendant, R. H. Savory.

C. A. Hooper et al. v. F. P. Swett. In Superior Court, Department No. 4, No. 6618.

Action to restrain defendant from building a wharf on Channel Street, under a contract with the Board.

Since the date of the last report, this action was restored to the calendar, for trial. On the day fixed for the trial, it was dismissed on motion of plaintiffs, made in open Court.

The People of the State of California v. Potrero and Bay View Railroad Company. No. 8950, in Supreme Court.

Action to declare certain piles and a bridge, built by the defendant, in and over Islais Creek, a nuisance, and to have the same abated.

Action commenced January 14, 1880, and tried in December, 1881, and decided in favor of the plaintiffs. On January 20, 1882, a motion for a new trial was made therein and denied, and on April 10, 1883, the defend-

ant appealed to the Supreme Court, and the action was there pending at the date of the last report. Since which, the following proceedings were had: 1885, February 13, defendant's points and authorities received. February 21, plaintiffs' points and authorities served and filed. February 26, argued orally. March 13, plaintiffs' brief served and filed. June 24, judgment and order reversed, and cause remanded.

The People ex rel. John Hackett v. William Blanding et al. In Supreme Court.

Action to restrain the Board from carrying on certain dredging operations.

1881, April 23, complaint filed and restraining order issued. A motion was made to set aside this order, which was granted, and from the order granting the same an appeal was taken to the Supreme Court by plaintiffs, and the appeal was dismissed by the Supreme Court on February 15, 1885.

The People of the State of California v. Robert G. Byxbee et al. No. 6251, in Superior Court, Department No. 8.

Action to recover \$460 78, for deficiency in accounts of West Evans as Wharfinger.
